TEA & COFFEE

TEA BY LARSEN & THOMPSON

10

Since 1992, John Larsen and David Thompson have resolved to pick the world's best teas and bring them home to Australia. With no ties to specific gardens or regions, L&T tasters are free to choose from the very best of the best in any garden, in any region, in any given season. During such seasons, often only a few weeks long, they compete with the world to buy premium leaf for your enjoyment.

COFFEE BY SINGLE O

10

Collider Blend

Many roasters around the globe have emulated the Mocha Java blend style, which has its origins in a 17th century chance 'collision' of the world's first two commercially exported coffee beans. Single O's version, Collider, juxtaposes bright berry with deep chocolate, using washed and natural process origins from three continents. The beans are sourced from Ethiopia, Brazil and Papua New Guinea.

AWOL Decaf

A couple of key things are indeed AWOL with this blend. It's 99.9% caffeine free. And the decaf process is chemical free. Swiss Water manage to make this happen while retaining exceptional taste.

Coffee prepared in your preferred style with the choice of full cream, oat, soy or almond milk.
